Tamper Evident: bottle sealed for safety. If bottle wrapper with Fleet® emblem is torn, damaged or missing, do not use.

How to use this enema:

- REMOVE GREEN WRAPPER WITH FLEET® EMBLEM AND ORANGE PROTECTIVE SHIELD FROM ENEMA COMFORTIP® BEFORE INSERTING.

- With steady pressure, gently insert enema tip into rectum with a slight side-to-side movement, with tip pointing toward navel. Insertion may be easier if person receiving enema bears down, as if having a bowel movement. This helps relax the muscles around the anus.
- DO NOT FORCE THE ENEMA TIP INTO RECTUM AS THIS CAN CAUSE INJURY.
- Squeeze bottle until nearly all liquid is gone. It is not necessary to empty the bottle completely, as it contains more liquid than needed.
- Remove Comfortip® from rectum and maintain position until urge to evacuate is strong (usually 2 to 15 minutes).
- Do not retain enema solution for more than 15 minutes.
- If constipation continues after one week of use, contact your doctor.

Positions for using this enema:

- Left-side position: Lie on left side with knee bent, and arms resting comfortably.

- Knee-chest position: Kneel, then lower head and chest forward until left side of face is resting on surface with left arm folded comfortably.

*Based on laboratory data

**Complete enema in a
disposable squeeze
bottle with soft,
pre-lubricated Comfortip®**

Fleet® Enemas are LATEX-FREE.
